Daily updates during the news broadcast promoting

Miguel Fernandez played some parts

Henry barbay - news announcer

82 - still playing Neil Diamond

Dennis Quaglia - quick draw quaglia recruited Dawn

Dawns dj trainer - bill with long Jesus hair, skinny dude

SLO town Sloan - bill Sloan

Pushed it by playing devo on her trail by fire bicaise not format - still leaning toward eagles and neil

Midnight to three

Rick turner - PD - at end of dawns first year

Jerry haddox - GM

John Purlia - doing a show and hated the format so proposed a special program "JP's Rock Show" - all live versions

Rick and Jerry took over - big change in form at in Sept 83 "the sound alternative" before Burnt Dog (May have come later than same year)

Thought Rick a good leader as PD

Dawn thought

Friendly new wave 80s

Dwayne was GM

Steve Theroux PD - absent not involved / a void to be filled

Issues arose in 84/85

Problems tension division- the fun format vs more extreme, pushing listening limits for SLO - scraping fetus, skinny puppy

Toi Phillips - big promoter of more adventurous music

She said she'd take over (didn't)

Shakeup ...

dawn became PD 85/86

Lots of "I'm going to take over PD" going on

Dawn was more in the middle on music front

Later new wave mania - Mara & Amy K

Toi wanted to be PD

Jim Merritt helped with the plan - created a format guide

DJ trainer passed to every trainer, general staff mtg

U2 still in the stacks

Proposal based on music experience.

Rick had red yellow and green

Dawn Added rough cuts and clean cuts

Clean - familiar and for in format (Jenni)

Rough. - edgy, new, good song or alt cut in familiar album, not the hit

Oldie per hour - roots to the current music

Had special programs

Beth Allen - was a trainer under Dawn as PD

Now lives in the desert

SLO boy and Ramona's primetime Family hardcore show - Saturday nights 2 hours (dawn's idea for a special program)

SLO boy - Brian Curry

Scott Larsen friends with beth?

The fun 91 - earlier

Rick turner overlapped with weird al, now works at Disney

Rick was in the air when Dawn was PD

He wanted more "hey Mickey"

Rick was one of the voices of the fantasy festival

At end of year as PD - first pledge drive in 86

Goal 10k and got 12k

If reach goal, GM John Thawley would parade down framers market in a hula skirt - he did

Last exec staff mtg - sycamore springs, dawn reserved el grande hot tub for 30 - brought bottles of mr bubble - multiple in a could not get rid of the suds - all naked and drunk in the tub, suds Down the hill

Bruce Flohr, Jason wheel

Summer of 85 - las politas fire broke out - town smoked - had planned the Burnt Dog bonfire cookout - mike Ray was there, had an excellent show - cookout at spooners cove at Montana de oro

College radio conference in Santa Clara - debut of CVB first album - picked up the album at the pizza parlor show - went to check it out

Later that year, they came to cal poly and played. They sent their long request if their musts - bottles of glen lever, specific food. Catered event at Bruce Flohr apt - "we were only kidding"

Need details about the gala
